*ServicePlus offers service contracts which are not warranties. A ServicePlus service contract covers the repair or replacement of many system and appliance breakdowns, but not necessarily the entire system or appliance. See contract for limitations and specifics on response times. Covered items must be in good working order at time of activation and dollar amount caps may apply. Deductible due at time of service call. Non-covered and incidental charges may apply to certain repairs and replacements. ServicePlus reserves the right to offer cash back in lieu of repair or replacement in the amount of our actual cost, which at times may be less than retail, to repair or replace any covered system component, or appliance. Coverage and pricing may vary by State. ServicePlus service contracts are not available in California and Nevada.
